Enrolment Priority Guidelines

If the demand for places is very high, the students are selected based on the following guidelines.

1. Catholic children whose families have a commitment to faith and Christian education in the Catholic tradition.
   1.1. Catholics from Noarlunga, Morphett Vale and Willunga parish schools.
   1.2. Catholics in non-Catholic schools enrolled in the ParishRE Programs.
   1.3. Catholics from other Catholic schools.

2. Catholic children whose families do not have a commitment in faith, but whose families have a positive attitude towards education in faith and an openness to their own faith development through the school:
   2.1. Who have brothers and/or sisters who have attended Cardijn.
   2.2. Who are from other schools.

3. Non-Catholic children whose families indicate a commitment to their own faith and openness to the religious development of their children:
   3.1. Non-Catholic children with brothers and sisters already at the school.
   3.2. Non-Catholic children from St John's, Antonio, Emmaus, All Saints, Galilee Nativity and other Catholic Schools.
   3.3. Non-Catholic children from other schools.

3. Non-Catholic children whose families indicate an openness to the religious development of their children.
4. A closing date is published each year. Enrolment applications received after that date will be placed on a waiting list.

For children who are currently not enrolled in a Catholic school, a reference from a religious priest or minister would be an advantage in the enrolment process.

It is the responsibility of the Principal to enrol students into the school and in applying these Guidelines the Principal may need to use his discretion in making the final decision.

The date of your application may come into effect in conjunction with these guidelines when numbers become critical.

Successful applicants are notified by the end of Term 1 of the year preceding their commencement at Cardijn.
